Dental Water Disinfectant for Self-Contained Water Bottles

Microbial contamination is common and unpredictable in dental unit waterlines. DF Brand Hybrid reduces the microorganisms to meet guideline requirements and increase patient and staff safety. Clean waterlines eliminate harmful biofilm, clogs and unexpected equipment replacement costs.

SAFE:

- Made with friendly silver oxide
- Silver occurs naturally in our environment
- Silver is used to make dental fillings
- Will not interfere with dental materials or bonding
- No dental unit corrosion or etching
- Completely tasteless

Enhanced Oral Assessment

NOW AVAILABLE

Market-Leading Adjunctive Oral Cancer Screening

WHY THE VELSCOPE?

The VELscope Vx is the market-leader in fluorescence screening for visualizing oral abnormalities, including oral cancer. Similar systems claim to deliver the same tissue visualization technology but only the VELscope is backed by dozens of independent clinical research studies.

- Proprietary blue LED and optical filtering technologies
- Backed by over a decade of clinical research
- The most awarded system for tissue fluorescence visualization
- Used in over 20,000 practices in 23 countries worldwide
