The Perfect Pair

The best autoclave combination enhances patient flow and helps build a more profitable dental practice with quick instrument turnaround. You can keep things moving by pairing a chamber autoclave with a smaller, nimbler sterilizer like a cassette autoclave.

BRAVO G4 chamber autoclaves are the backbone in steri-centres; they reprocess large loads, especially cassettes, and alleviate backlogs. STATIM G4 cassette autoclaves are reliable workhorses in dental offices, without taking up highly valuable real estate in steri-centers.

Fast from Start to Sterile – and Dry

STATIM G4

2000 G4 – 6 min unwrapped 35 min wrapped
5000 G4 – 9 min unwrapped 40 min wrapped

BRAVO G4

SciCan STATIM G4

STATIM is the world's fastest cassette autoclave from start to sterile, gentle on your instruments due to its steam process and relied upon by the busiest of practices.

Drawing on over 30 years of innovation, the leader in autoclave technology has created a complete line of STATIM Cassette Autoclaves – designed to meet the needs of every size of practice. The STATIM family comprises the fastest, most innovative cassette autoclaves available on the market today.

STATIM G4
2000 G4 \$6,699
5000 G4 \$7,999

From start to sterile
2000 G4 – 6 min, Unwrapped
35 min, Wrapped
5000 G4 – 9 min, Unwrapped
40 min, Wrapped

Unmatched speed, reliability, and dependability have made it one of the world's best selling cassette autoclaves.

WiFi-enabled G4 Technology connects & sends cycle data to your smart device or computer.

VistaCool

Direct-to-Drain Thermal Reduction System for Autoclave Wastewater eliminates the need for autoclave condenser bottles by cooling sterilizer wastewater and sending it directly down the drain automatically.

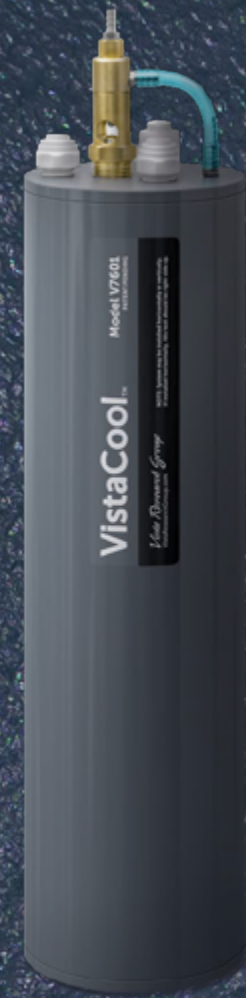

Protects cabinets from mold, mildew, rot and rust caused by spills and humid environments created by exhaust from condenser bottles.

Protects drains from damage by autoclave wastewater. Built-in backflow prevention meets or exceeds local plumbing codes.

Protects staff by eliminating the need to empty hot water bottles manually.

Special Price ~~\$1,299~~

VistaPure

A specialized water filtration system

for STATIM, BRAVO, and STATCLAVE Autoclaves, HYDRIM Instrument Washers, ultrasonic cleaners, dental bottles, and other select autoclaves and instrument washers.

Easy to Use

VistaPure's handheld, point-and-shoot wand makes it easy for anyone to fill autoclaves no matter where they're located. The optional Remote BottleFill Water Dispenser makes it easy to fill dental unit bottles from the clean side of the Steri-Center.

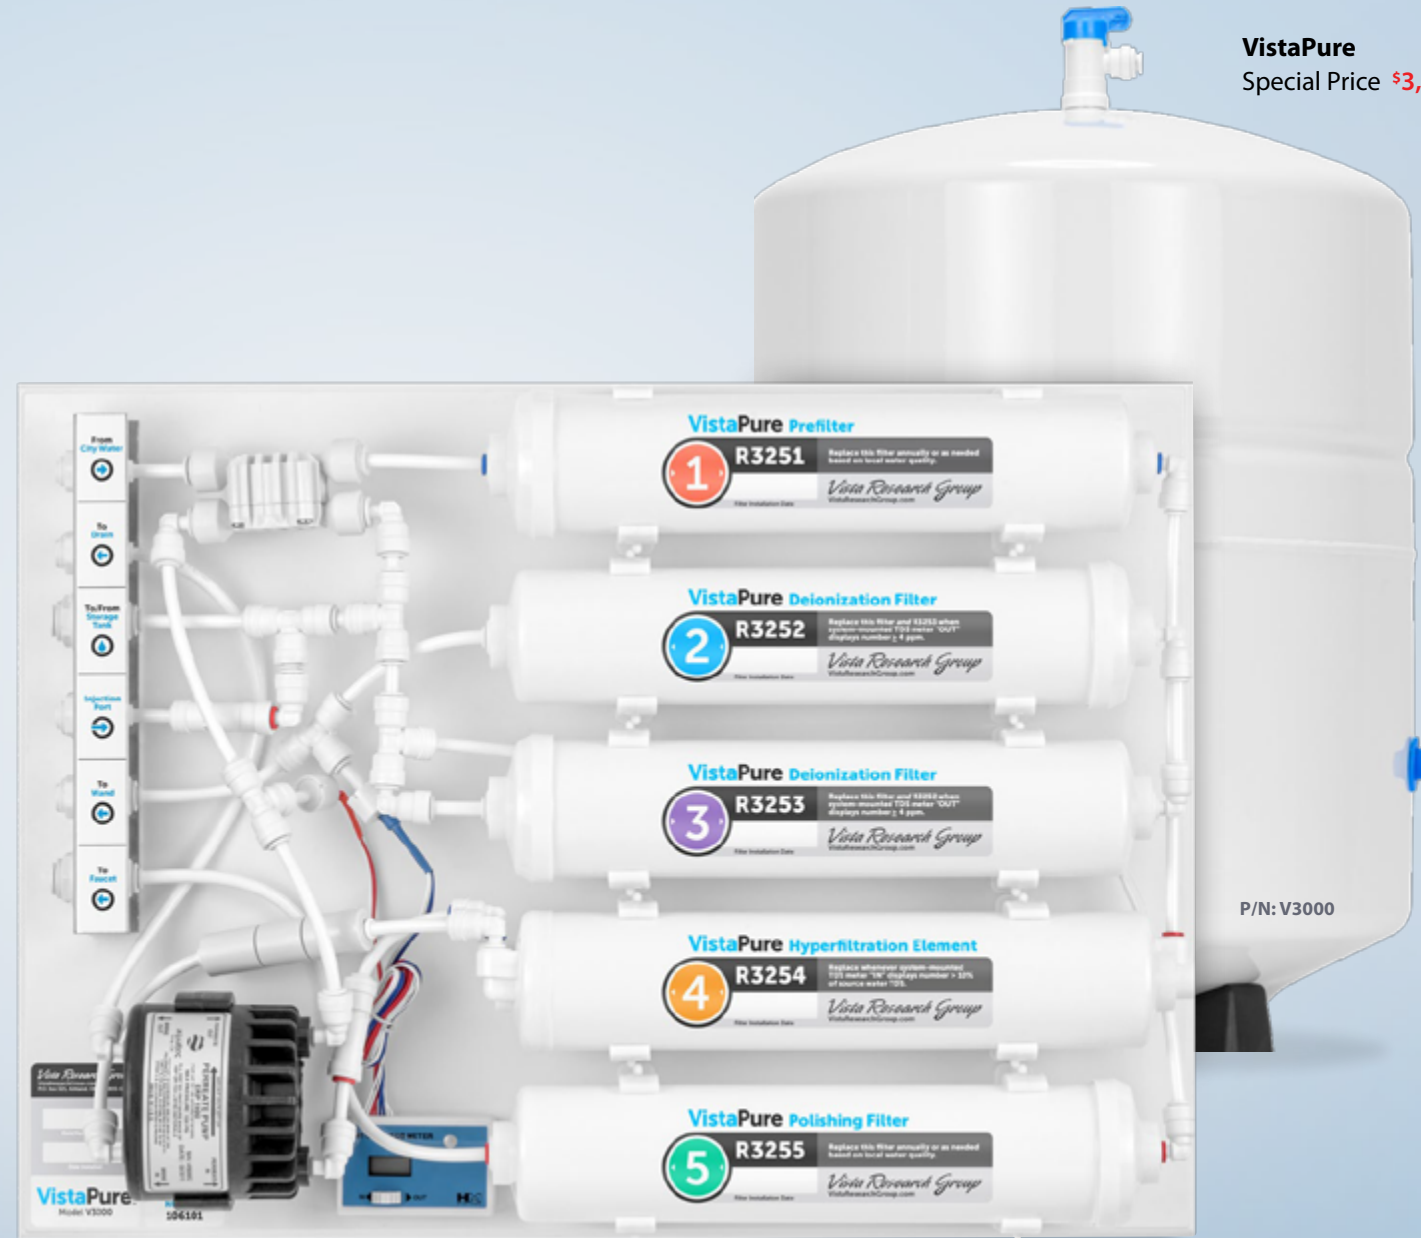

Convenient

VistaPure provides a high volume of ready-to-use water on-demand. Its large 4.25-gallon storage tank means you don't need to wait for the hyperfiltration process to take place.

Consistent

Each VistaPure features an in-line TDS meter that monitors water quality and makes it easy to know when it's time to replace your filters.

VistaPure
Special Price **\$3,199**

Two grades of the water practices need

For steam sterilizers:

Point-and-shoot wand makes filling sterilizers with autoclave-ready water a breeze. No more lifting heavy jugs of water!

For bottle systems:

Mounted faucet provides non-corrosive bottle-quality (hyperfiltered) water for bottle systems.
